JUDGE REFUSES TO MARRY.

Portland Official Wants no Mismated

Couples by His Con-

science.

BY DIRECT WIRE TO THE TIMES!

PORTLAND, Oct. 29.—[Exclusive Dispatch.] "I sincerely wish that my couple in wedlock" was the declaration of Municipal Judge Van Zant today. "From now on, I will absolutely refuse to marry anyone. It is not that I am opposed to marriages, but I don't want it on my conscience that through any instrumentality of mine, a mismated couple was ever pronounced man and wife."

Judge Van Zant's stand on the mar-

riage question is the result of a de-

cisive argument of the administrative performing the wedding

ceremony in a degree culpable if the union turns out to be a failure.

His declaration today was prompted by the double wedding of two young couples at a local lodging house.

He not only denied such en-

forced marriages to be a hollow mock-

ery of the marital relation, but de-

clined hereafter to act as magistrate in any marriage whatever.

Ice King Says He Knows Nothing About Banking

Secretary Kept His Bank Accounts Straight.

Admits Making Curtis President of Institution.

(ASSOCIATED PRESS NIGHT REPORT)
NEW YORK, Oct. 25.—Charles V. Morse, who will Alfred H. Curtis, former president of the Bank of N. America, is on trial in the criminal branch of the United States Court, on a charge of conspiracy in violation of the national banking law, took the stand in his own defense.

Mr. Morse related how he came to have an interest in the National Bank of North America, saying that he secured it in the consolidation of the bank. He said that he had no enemies in the routine of banking.

Mr. Morse said that he was a salaried officer of the bank, and was nothing of the last exactions or in his banking business.

The financier told of having fled the acquaintance of Mr. Curtis and Mr. Wire.

"I had confidence in them, and my influence to have them made salaried and cashier of the bank he said."

He testified he knew nothing of the bank's method of book-keeping and admitted that he saw the loan books each year.

"My secretary, Kate A. Wilcox, my former secretary, Arthur J. Atte, attended to my personal and state affairs," said the witness. "I also kept my bank accounts safe."

The witness made to Leslie Wing, the nineteen-year-old clerk a broker's office, were then taken up, and Morse said that the first \$1,000 given to the young man was made by him. Morse's deposition was so accommodation borrow.

The second Whiting loan of \$1,000 was secured by 200 shares of his stock, being one-half of the stock that he Morse had possessed.

TWO Young Women Testifit That He Dictated "Democracy's Duty" Six Weeks After Death of his Democrat and That Part of His Was in His Handwriting.

(BY DIRECT WIRE TO THE TIMES)
NEW YORK, Oct. 25.—**Justine Diapatch.** Sworn affidavits made today that the article "Daley's Duty," purporting to have been written by the late Grover Cleveland and published more than two months after his death, was really written weeks after the death of the Democratic president.

Miss L. M. Bacon and Madame Line Baron of No. 47 Wall Street, swore today that a notary public that Brandenburg called at the printing office of Miss Bacon August 10, last, and that he had written it.

They declare that they were transcribing the first of the document. Brandenburg met Miss Bacon's desk and complimented her ink. They found difficult to read her handwriting and got him to read it for them severally.

Miss Bacon remarked in the length of the words:

"Oh, those long words adeline when she says he answered." There is no doubt of a man who is talking of or has any thing which he has written is unmistakable to the expert stenographer," Miss Bacon confided. "And it is clear Mr. Brandenburg eye all the time he was here on June 10. Of course, at that time he did not know that he was writing so that Mr. Cleveland's name was signed to. I was impressed at Bismarck's nervousness. He seemed particularly anxious to get the article while we were at work on it, was unusually well pleased when he finished it and his manuscript had been transcribed."

Brandenburg arrived here today in the custody of an officer as taken to police headquarters after his photograph and measurements had been taken. He was taken to the Court of General Sessions. There he pleaded not guilty to a charge of conspiracy in the second degree and released on \$500 bail.

PANIC AND PERIL.

WOMEN BURNED IN CINCINNATI FIRE.

(ASSOCIATED PRESS NIGHT REPORT.)

CINCINNATI (O.) Oct. 25.—A fire men brought the fire under control panic caused several girl employees of offices in the eleventh story Neave building, Fourth and Race streets, to leap from the windows at noon today. At least ten of them were hurt, several seriously, while one of the firemen was also badly injured.

The fire started on the sixth floor, the flames soon bursting from the window. Five times the hose burst and added to the panic of the girls who had appeared at the windows as high as the eighth floor, where many of them could be seen preparing to leap to the ground when the firemen arrived. The corner is one of the busiest in the retail section and the street was quickly clogged with crowds so that for a time there was difficulty in fighting the fire.

Miss Louise Boutet, a dressmaker, on the ninth floor, leaped from a window on that floor to an adjoining roof on the fifth floor level and was badly hurt.

The fire broke out in the offices of the Pittsburgh Calcium Light Company on the fourth floor, spreading quickly to the offices of the National League. As the flames and smoke poured out of the windows of the fourth, fifth and sixth floors, many of the girls in the building appeared at the windows and seemed about to jump.

A number threw coats out and then crawled out on the broad window ledges, where they lay until the flames burst through the windows, burning men painfully. One woman suffered painful injuries in this manner, while one fireman was seriously hurt by a fall of two stories.

As fast as the injured were brought to hospitals or if less seriously hurt, to their homes.

Heroic work on the part of the firemen brought the fire under control within less than half an hour after the flames were discovered.

The interval of time included several dramatic incidents. Peering down through the smoke and flames, the firemen saw more than a score of women crouched on the broad window ledges trying to escape the flames bursting out in the offices beyond them. Below, fire ladders, life nets and all manner of other life-saving devices were used to save as much as might leap from the horror of fire to the almost certain death on the street below. Broken glass injured some, scorching flames placed others in agony.

As fast as the injured were taken to hospitals or if less seriously hurt, to their homes.

President of Local Government Board Compares Condition of Unemployed in England and America. Loud Crisis of Dissent Great Words in House of Commons.

(ASSOCIATED PRESS NIGHT REPORT.) NEW YORK, Oct. 25.—[Exclusive Dispatch.] London, Oct. 25.—John Burns, labor and president of the Local Government Board, drew down upon his head the anathemas of the laborites in the House of Commons this afternoon, when he intimated that the main disadvantages under which the British unemployed labored, as compared to the unemployed in America, was that the Britons drank more than their trans-Atlantic confreres.

Mr. Burns repudiated the suggestion that the difference lay in the fact that the American unemployed had money in their pockets.

"I have been in America three times," he said, "and the only difference I see between the unemployed in America and those in this country was that the former, for a short time after leaving work, were better dressed. Many of them don't drink so much as do many British unemployed workmen, but the workmen of this country have an advantage in the number of days they are idle."

Lord Eustace of "It is untrue!" "It is shameful comparison!" greeted Mr. Burns's statement.

(ASSOCIATED PRESS NIGHT REPORT.) UNION CITY (Tenn.) Oct. 25.—It is reported today on what is considered good authority that the constitution and bylaws of the night riders were procured yesterday and will be placed in the hands of the grand jury.

The constitution and bylaws, among many other things, provide that no bank or trust company will be permitted to make any loans, large or small, for over 10 per cent, and further, after the first day of July, 1909, no farmer will be allowed to employ any colored help on his farm, and that all negroes will be notified to leave the country unless of with the master.

The bylaws show that the organization comprises not only the night riders of Obion county, but include all night rider organizations of the entire country.

WOODMEN DROP SUIT.

(ASSOCIATED PRESS NIGHT REPORT.) CHARITON (Iowa) Oct. 25.—[Exclusive Dispatch.] The suit of the Modern Woodmen of America to establish its \$50,000 deposit in the defunct First National Bank of Chariton as a preferred claim, has been dropped. Under a mutual agreement this deposit will take its place with other deposits and share pro rata with them in distribution of the assets. In this connection it was announced yesterday that receiver Jamison would pay the first dividend, about 25 per cent., within a week or ten days. An additional 15 per cent. dividend will be made later, or about \$40,000 in all.

CREDITORS REACH AGREEMENT.

(ASSOCIATED PRESS DAY REPORT.) CHICAGO, Oct. 25.—An amicable agreement among the creditors of the Battle Creek Creamery Food Company, yesterday brought about something approaching order in their financial affairs. After many conferences in the offices of the company, it was agreed that if such a thing was possible, the company's factory in Battle Creek, Mich., should be kept in operation.

"Bankruptcy proceedings generally mean that the affairs of a concern are to be wound up and business stopped," said former Judge Cassidy, who is representing President Cassidy of the company. "It may be necessary to have some arrangement with the court in order to keep the factory in operation. However, every one concerned has agreed that that should be done."

Actor Makes Statement Involving
Attorneys Murphy and Newburgh
Under Indictment—Exposes
of Heney's Witness.

[BY DIRECT WIRE TO THE TIMES.]

Oct. 29.—(Exclusive) E. A. S. Blake, convicted of jury tampering, confessed yesterday morning that he and his wife would be well provided for if he would "keep quiet."

"Who came to see you after you were convicted?" asked Langdon. "Mr. Murphy came to me and said that there was good grounds for a new trial in my case and said that I would get \$10,000 and my wife be paid \$100 a month while I was in the penitentiary if I would not say anything about this matter." The \$10,000 was to be placed in the hands of a third party, named by me, and was subject to my order the moment that sentence was passed.

Blake said that he would not do that if they would give him a good case for appeal. In open court yesterday, other things, that John M. Kellogg, at the insistence of Frank J. Murphy, had caused his conviction, Murphy declared with evident os-

turture of Lady Justice.

WILLING TRAITOR.

At this point Langdon stated to the court that Blake's confession was much longer and more detailed, but that he had told sufficient for the District Attorney to ask for the court to suspend sentence for one year, Blake promising to go on the witness stand for the prosecution in the cases against Murphy and Newburgh.

The crime of which this man has been convicted is the most serious and heinous under the law. I believe and always will believe that after the conviction of crime, punishment should be speedy and certain and severe.

It was strictly understood both by the prisoner and the District Attorney that nothing that had been divulged here has changed my mind in that regard, but I will continue sentence for two weeks."

At the earnest request of Langdon, Judge Dunn, after broadly intimating that Blake's confession would not influence the court in passing a severe sentence upon the contractor for the crime which he characterized as "one of the most serious under the law," postponed sentence for two weeks.

RUEF TURNS PALE.

In the court room of Judge Lawlor, just across the corridor, where the attorneys for both sides are now in the third month of the work of securing a jury to try Ruef and had just passed the twelfth man, the news of Blake's confession caused consternation to the defense.

Ruef paled visibly, but otherwise showed no emotion, and immediately engaged in a whispered conversation with his attorneys, Henry Ach and Thomas B. Dogier.

Loudenslager Says House Is to Be Republican.

Hitchcock Promises to Make Forecast Today.

Senator Lodge Gives New England to Taft.

(ASSOCIATED PRESS NIGHT REPORT.) NEW YORK, Oct. 29.—Representative Henry C. Loudenslager of New Jersey, secretary of the National Republican Congressional Committee, who has been in charge of the headquarters at New York for the committee, gave out today his estimate of the complexion of the national House of Representatives in the Sixty-first Congress:

"From the several thousand letters received," said Mr. Loudenslager, "and from personal interviews with politicians and other observers from all sections of the country, I am convinced that a conservative estimate of the political complexion of the next House is that it will show 227 Republicans and 164 Democrats."

"I am confident the election returns will give an indication in the number of Republicans rather than in the number of Democrats," he said.

Chairman Hitchcock of the National Republican Committee, said late today that he probably would give out his forecast of the electoral vote tomorrow or Saturday. He said the statement would include the doubtful as well as the certain States for both parties.

Mr. Hitchcock is still of the opinion that Nevada will be very close, but he is not confident of Montana.

Information from Kentucky and Tennessee is to the effect that the Republican candidate has more than a fighting chance there.

While he feels sure about Maryland, he is not so sure about Virginia.

Mr. Hitchcock said that Mr. Taft was feeling unusually happy last night over the result of the meetings which he had addressed here yesterday and particularly the great one in Madison Square Garden.

The following forecasts were made at Republican national headquarters today:

Senator Lodge of Massachusetts: New England will give its entire electoral vote to Taft. Massachusetts will give the same amount to Taft as it gave to McKinley, 22,600. I have been up-State in New York and am confident that not only Judge Taft, but Gov. Hughes will receive large majorities in this State."

Chairman of Commerce and Labor Strauss: Judge Taft will carry the State of New York by a majority ranging between that received by Roosevelt in 1904 and McKinley in 1900. Gov. Hughes will receive a larger plurality than has been supposed.

Former Gov. Murphy, of New Jersey: It is a question of majority only for Taft and Sherman in New Jersey.

Congressman Hawley of Oregon: Taft will carry every State west of the Mississippi with the possible exception of Montana, Oklahoma, Texas, and Arkansas. Taft will carry Nebraska by from 6000 to 15,000.

Chairman Woodruff of the New York State Republican Committee: From the canines made up-State, I predict that Taft's margin will be 75,000. I do not hesitate to say he will poll a bigger vote in Greater New York than his most sanguine friends believe.

BRYAN CLOSES IN NEW YORK.

After Big Meeting at Syracuse Candidate Spends Weekend to Finish in Ohio.

(ASSOCIATED PRESS NIGHT REPORT.) SYRACUSE (N. Y.), Oct. 29.—Having delivered in this city tonight his last speech of the campaign in the Empire State, W. J. Bryan is now speeding westward and in the morning will make another invasion of Ohio.

A feature in connection with Mr. Bryan's arrival here was his initiation in his private car, into the Order of Myrtle Krews, of Kanawha, a Syracuse boosters club. According to the rules, he was given the Indian name of "Heay Big Talk Passage of the Plateau," which interpreted means "the boy orator of the Plateau."

The Bryan special arrived here early this evening and found a big crowd on hand to welcome the candidate. In response to the demand of many persons, Mr. Bryan stopped on the platform long enough to shake hands with several hundred persons who crowded about him. He was then hurried away for the two addresses scheduled for the evening.

The principal gathering was at the Wetherspoon Inn, where Judge Parker, Mr. Parker, also spoke. Judge Parker lauded Mr. Bryan in a speech which contained also much of criticism for Mr. Taft and Gov. Hughes.

"It gives me pleasure," he said, "to come here tonight, especially because I am permitted to advocate for a little time the cause of one who has been a good citizen and ideal patriot—the Democratic standard bearer for the Presidency."

The great crowd cheered itself hoarse when he concluded this tribute to Mr. Bryan.

In his principal remarks, Mr. Bryan called attention to the fact that the campaign tour was a close one, and that the Republicans were resorting to threats of a panic in case he should be elected. He referred to the presence in the city of Mr. Taft and expressed wonder that Mr. Taft had not been able to stave off the panic of 1907 when he was in Mr. Roosevelt's Cabinet.

HASKELL MUM ABOUT BRYAN.

Governor's Failure to Mention Candidate's Name While Campaigning Causes Commotion.

(BY DIRECT WIRE TO THE TIMES.) PURCELL (Okla.), Oct. 29.—(Exclusive Dispatch.) Considerable talk is going on about the report that for several weeks Gov. Charles N. Haskell, in his campaign tour of Oklahoma, has not mentioned the name of William J. Bryan, Presidential nominee. Comment is also made in this connection with the fact that Kern, the Democratic standard bearer, is not mentioned in the resolutions adopted by the State Democratic Convention at Tulsa, Okla., Sept. 1. Whether Haskell is ignoring Bryan because of anger at Bryan's re-election as national Democratic treasurer, which was announced after Haskell saw Bryan at Chicago, or because Haskell desires to leave the impression with his audiences that he is angry, is unknown to the public.

BETTING ALL HUGHES WAY.**

Wagers Reflect a Big Change of Sentiment.

Chanler as Pronounced Favorite, Drops Out.

Little Coin up on Result of National Election.

(BY DIRECT WIRE TO THE TIMES.) NEW YORK, Oct. 29.—[Exclusive Dispatch.] Thirty thousand dollars bet on Hughes today on the curb at odds which opened at ten to nine and subsequently dropped to ten to seven and one-half, is pointed out as a reflection of the remarkable change of sentiment in the financial district regarding the outcome of the State election. Up to a few days ago, Chanler was a pronounced favorite, with practically no Hughes money in sight.

On the Consolidated Exchange, one bet of \$500 to \$100, with Hughes on the long end, was recorded. It was said that there was very little Chanler money to be found.

There is very little betting on the result of the national election. Some small sums have been wagered at odds of 5 to 1 to 6 to 1 on Taft, but there are no large amounts risked even at this rate.

On the Stock Exchange, betting on the State election is said to be very active. The odds range about the same on the main board as those reported on the curb and on the Consolidated.

The names of the bettors are known to every one concerned, for possible conflict with the new betting law.

Some of the wagers on the curb were: \$2500 to \$2000 on Hughes; \$2200 to \$2000 on Hughes; \$100 to \$75 on Hughes.

On the Stock Exchange a wager of \$100 to \$70 on Hughes was placed. Five thousand dollars on Taft was offered at 5 to 1, with no takers.

One man, a customer of a large brokerage house in the West and who has just arrived in New York, heard of the Taft money and said: "It's all paper betting." He went out with a friend to look for some money and was soon accommodated. He found what he put up \$5000 on Taft to his \$1000 on Bryan.

One bet was placed by wire from Chicago or \$2500 to \$2000 on Taft. A local man took the Bryan end.

BETTING IN CHICAGO.

TAFT ODDS FOUR TO ONE.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, Oct. 29.—[Exclusive Dispatch.] Betting on the election is becoming somewhat livelier although it is by no means as brisk as it former year. The largest bet recorded this week of which general knowledge has been obtained, was a wager of \$20,000 on Taft, which "Jim" O'Leary says was made at O'Connor and Righelmen's.

O'Leary declared tonight that he has \$200,000 in bets thus far recorded. The biggest wagers are on Taft and on Deeney. O'Leary explaining that "there are plenty of bets in my books on the Democrats, but they're small."

At some of the houses in the loop a number of private wagers are being made. At O'Connor and Righelmen's \$2000 has been wagered in the last three days. This has been almost entirely on the Wayman Keene and Donnelly-Stevenson line. In the hotel contests being made at odds money. The biggest bet recorded at this place is \$4000 on the Wayman-Kern battle.

O'Leary's book the odds have changed but little. Bryan is held at 1 to 2, while Taft is held at 1 to 4. Stevenson is at 7 to 8 with Deeney at 1 to 2.

O'Leary's quotations are made on the same principle as those in a horse race.

In addition it was estimated that more than \$2,000,000 copies of Mr. Bryan's "Prince of Peacemakers," \$6000 "Bryan stamps," \$5000; copies of magazine story on W. J. Bryan's home life, \$2000.

THE POLITICAL WATCH TOWER

It looks very much as though the "Guide to Election Officers" is going to kill many votes in next Tuesday's election. If Justice Stephens should slip past and secure a place as Superior Judge, he will probably owe his selection to this same guide. Stephens' sole hope is that several thousand Republicans will go out of their party and put a cross opposite his name.

According to the guide this is going to be pretty risky business on the part of the voter making this distinction. Here is the technical question: How many will stumble? If a voter puts a cross in the circle at the top of the column and puts another opposite Stephens' name he has voted for Taft on June 10, and that is Stephens. The distinction which the election law makes is that the voter has not designated which of the four Republican voters he desires to support. Finally, if he fails to vote for three Republicans, but the actual result is that he has single-shot Stephens.

The chairman Braden W. Lee of the Republican County Central Committee returned home from a meeting of the Executive Committee of the State Central Committee yesterday with the gratifying assurance that the reports of the county and city of the State indicate a plurality of no less than \$40,000 for Taft in California.

This plurality estimate is not offered for campaign purposes; the head of the State Committee.

According to the guide this is not a safe estimate, the representation being that the local political accomplishments, more honestly and successfully attractive his personal qualities, either for such work.

He said that Chairman Lee reported to the State Committee that Los Angeles county will give a plurality of no less than 15,000 for Taft. Those who have the local political situation say that these figures are ultra-conservative; I have heard a number of offers to wager Taft's plurality here will be greater than this. Chairman Lee desires to keep up the record but the county for doing a little better than it promises in a political campaign.

The Republican leaders here were treated to some pleasant surprises at the Dingley Club last night. Levy's Cafe yesterday. About 300 field men were present, including nearly every precinct committee man of the county.

I saw one preachment book showing a complete poll. There were 250 Republicans, 200 Democrats and 1400 scattering. This poll was made by careful workers who assert that it is nearly accurate as it is possible for a poll book to be. Taken as a whole the poll books indicate a country plumper than the census. This may be a little in excess of the actual vote as there as certain to be a great many of these voters who fail to go to the polls. The registration of the county is almost 100,000, but the political workers estimated the actual vote at 65,000.

The reports of the field workers indicate that Tony Schwamm has about as much chance in the Fifth Supervisorial District as Bryan and Kern have.

Tony has been making claims of success on the obligation of the regular Republican organization in the district. He assumed that the "regulars" would be resolved after Patterson was nominated.

THE CITY IN BRIEF

"Late fall openings!"

NEWS AND BUSINESS

Alliance Reunion.

The Go-American and Liberal Alliance will hold a "family reunion" tonight at Turner Hall. There will be hand music, a vaudeville show and refreshments, all free.

Few for Bryan.

In a straw vote, taken at the town office of the Southern Pacific Railroad, yesterday, twenty-eight of the thirty-four voters declared themselves for Taft. The remaining four dozen voted for Bryan.

Marshal's Condition Better.

Leo Youngworth, United States marshal, who has been ill at the Barton Hospital, suffering from arsenic poisoning, has rapidly improved in health. He expects to be at his office early next week.

Dr. Lock at Occidental.

Dr. Charles Edward Locke addressed the assembly at Occidental College at 11 o'clock this morning. His theme will be: "Some Lessons Learned from a Visit to Edison's Home." The assembly is open to the public.

Big Undertaking.

Today the effort will be made to place an inscription to the Torrey mission in every house in the city more than a thousand persons have volunteered for the service, and everyone is in readiness for beginning this morning.

Christopher's Sight Restored.

L. J. Christopher is in New Zealand, successfully recovering from a broken eye received by Mrs. Christopher. This is taken to mean that his sight has been restored, or soon will be, and he will be pleased news to his friends.

Joint Masonic Service.

A joint constitution and installation service will be held this evening at Westlake Lodge No. 322 and Valley Lodge No. 88, F. & A. M., in Masonic Temple, Pico and Main streets. The exercises will be followed by a banquet. All Masons are invited.

Sones Broken in Shaft.

While loading a freight elevator in the Farrelle-Dohrmann store No. 73 South Broadway, James E. Hough, aged 21, of North Main street, took a stiff hammer and made an effort to break it. He was captured by two clerks, a chase and turned over to the police. Temperton admits taking the gun. He says he has been unable to make enough money to buy groceries.

Chauffeur Picks Him up.

George A. Loskamp, a driving boy in the Nelson Morriscking Company, was run down by an automobile at Fifth and Spring about 8 o'clock last night, causing a fractured rib. The chauffeur, assisted Loskamp into the Neurology Hospital, and took him to the Neurology Hospital. Before the police could get the chauffeur's account of the accident he disappeared. Loskamp did not blame the driver.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.
New fire alarm specifications for the University district were received by the Fire Commissioners yesterday and referred to a special committee.

Judge Bordwell yesterday overruled the demurrers of the defense and began taking testimony in the hearing on the suit brought by Eugene Germain and others against the Board of Supervisors to enjoin proceedings for the sale of the good roads bonds as well as the engraving contract with W. P. Jeffries Company.

The preliminary examination of Attorney A. D. Warner, charged by D. W. Robinson with uttering a worthless \$5 check last August, was begun yesterday before Justice Summerfield. The examination will be resumed this morning.

John Cuthbert was arraigned in the Police Court on the charge of putting out poison for dogs, and the preliminary examination set for November 11.

Sanford Brent will be examined before Justice Chambers today on the charge of attempting to kill his wife.

AT THE CITY HALL.

WANTS ANSWER,
NOT SECRECY.

GANEWELL ATTORNEY AND COMMITTEE IS EVASIVE.

Has Refused to Indicate One It Has Deemed Exhibitor in Bills Held up for Fire Alarm Supplies—No Specifications Before Fire Commissioners—Mushet Appears.

Herbert J. Goudge, attorney for the Ganewell Fire Alarm Company, resented the assertion of Councilmanialance that the committee had been unable to report because it was owing on the Ganewell attorney. Mr. Goudge says in all the months the committee has been meeting behind closed doors, it has not once admitted him or invited him to take up the objects to mind in the accounts. He says the largest amount—\$12,000—for alarm boxes and that the committee has been waiting for the City Attorney to decide whether the requisitions on which the company furnishes the boxes and which stated the price were valid. The City Auditor held them invalid.

"All the company wants to know," said Mr. Goudge. "The committee hasn't told us who it is, it ought to say it and hold up the thousands due. But all questions are met with evasive and evasive replies. Indefiniteness of extortions, intimations of graft and like and not one specific name has been cited. If the committee has anything to give it should give it to our court."

Mr. Goudge says he expects report to be an ex parte one as it comes. He says he has offed all along to give all the information he could to the committee but it has refused permission to go before it.

A meeting of the committee next week, when the impediments in report will be removed, is hoped.

The Fire Commissioners interested in the purchase of 12 feet of fire hose, for which bids will be received by the City Clerk no Monday morning. The order is a \$100,000 worth of hose. The City Hall just what influence there department will have in the selection of the kinds offered. Councillorly the bids will be referred to the chief for it.

When the specifications for new fire alarm system were taken up by the Fire Commissioners yesterday, under reference from the City Council, City Auditor Mushet and his Asst. W. J. Palethorpe asked Mr. Goudge if he would ask Mr. Mushet if he wished to say anything concerning the committee. The Auditor answered that he was present only to listen when the committee had passed through the enlightenment if it wished to discuss the subject.

"Are these specifications intended to open the door to the Whittier system we once looked at?" the Mayor asked. "The specifications are up to the world," said Mr. Mushet. That ended the enlightenment.

The commission decided it should refer them to a committee composed of McGarry and Kolt. As McGarry is to be absent until Monday, the committee will not be able to report to the session of the Council at that day, though the Council asked for report then. It is likely the commission will adjourn for a time.

J. W. Goddard, a housewife assigned to take effect tomorrow, and whose resignation was accepted. His son was not filled.

CHARGES FAVORITE.
STONE BELOW SPECIFICATIONS?

E. R. Wordin of the West Paving Company has made arrangements for the Board of Public Works that broken stone used by the Fairchild, Illinois Wilton Co., in the construction of the new Grand Avenue avenue, below Seventeenth street, is according to specifications. Not of has he made complaint, but he will lay the facts to the grand jury, however, as the situation appears to him to be favorable.

Wordin took a sample of the stone to the office of the board. The sample shows much dust and no stone. The specifications require one that will not pass through a screen of one-quarter inch mesh. Much of the sample Wordin had is finer than this.

The board has examined the work, and has instructed the City Engineer to require the enforcement of specifications, and the contractor as been so notified. The cost of the hard may some of the stone was undesirable, but that the concrete as laid seems high class.

Recently Wordin was the object of attack in San Bernardino, where he was endeavoring to place a pavement by a former employee of the Fairchild company.

Favor Longer Franchise.

The Building Avenue Improvement Association has added resolutions favoring a forty-year franchise with the railway companies. This is because the residents of the large district here been given to gain street railroad extensions and improvements, because the company desired that could undertake them in view of only a twenty-one year franchise.

The Association thinks Los Angeles a great city without competition, and that forty years is not an unreasonable period. The association includes property owners in the region bounded by Vernon avenue, Agricultural Park, Santa Monica avenue and Western avenue.

Constitutional Amendment No. 21.
This amendment, which simply gives to private corporations the right to continue their business as at present organized, when their charters are not indemnified by the State banks of Los Angeles, San Francisco and other cities, will be submitted to the corporations excluded from its provisions. See and vote for it.

AT THE COURTHOUSE.
HUSBAND MADE TO KEEP WIFE.

UNEXPECTED WITNESS PREVENTS DIVORCE DEGREE.

Final Testimony Proves Condonation and Case Ends in Sensational Manner When Woman, Who Is Telephoned for in a Hurry, Identifies Plaintiff as Former Lodger.

Confronted unexpectedly by a witness for his wife, Fred Rinck of Pasadena had nothing to say in Judge Bordwell's court last evening when his suit for divorce from Mrs. Pearl L. Rinck on grounds of desertion and infidelity was denied.

Testimony was given at the last that squarely contradicted the husband's sworn statement that he had never lived with his wife after they separated at Pasadena in January, 1906. The incidental mention of a name by Mrs. Rinck led the court to send out a hasty telephone message to Mrs. Palmer, keeper of the Atlas rooming house, and her arrival in court, identification of Rinck and corroboration of his wife's story, destroyed at once Rinck's hopes of securing a decree.

Rinck appeared before Judge Bordwell last Friday in an action for divorce, in which the default of his wife had been entered. At that time he swore that she left him without any provision in January, 1906, and had found \$200 in bills sewed up in a shirt that she was washing, and told him she was going out to return the money. Two weeks later a letter from her to a friend showed that he had been inserted by himself without suggestion from any source. He said that he had seen her two or three times in Los Angeles since, but that they had never lived together since January, 1906. As the court felt that Rinck's story was true, the case was continued one week.

When Rinck went into court yesterday afternoon, Mrs. Rinck appeared with witnesses and counsel, who moved that her defense be set aside, and that the day she left him she had found \$200 in bills sewed up in a shirt that she was washing, and told him she was going out to return the money.

An unexpected witness, telephoned for by Judge Bordwell last evening, prevented a decree of divorce in behalf of Fred Rinck, upsetting his testimony.

WARNERS' CHECK.
HE SAYS IT'S A NOTE.

Attorney A. D. Warner had his preliminary examination before Justice Summerfield yesterday on a charge of passing on his clerk, Dudley W. Robinson, a worthless \$25 check, drawn on the National Bank of California on August 24. After the prosecution had called in evidence of the past history of the bond controversy, the case was again rehearsed, this time from the point of view of the plaintiffs. The presentation of this testimony will be continued, probably to-day.

Rinck denied the charge if infidelity with Jeffs. She asserted that her family had been separated by Rinck. After her Arizona trip she returned to Los Angeles and went to live at the Atlas rooming house, where Rinck came and lived with her for a week in May, 1906. She said that she had introduced her husband, Mrs. Palmer, to her husband, and that he left her after a quarrel. Rinck was again called to the stand and again denied that he had ever lived with his wife since their separation.

Judge Bordwell inquired whether Mrs. Palmer could be reached by the phone, and ordered that she be summoned at once. Mrs. Palmer, when questioned as to why Mrs. Rinck was summoned by the court to stand up and Mrs. Palmer unhesitatingly identified him as the man whom Mrs. Rinck had introduced to her husband, and that he left her after a quarrel. Rinck was again called to the stand and again denied that he had ever lived with his wife since their separation.

After her Arizona trip she returned to Los Angeles and went to live at the Atlas rooming house, where Rinck came and lived with her for a week in May, 1906. She said that she had introduced her husband, Mrs. Palmer, to her husband, and that he left her after a quarrel. Rinck was again called to the stand and again denied that he had ever lived with his wife since their separation.

INQUEST CLEARS ABBOTT.

But Police Hold Him Pending Fur-
ther Investigation of Nephew's
Death.

Although the coroner's jury exonerated Frank Abbott from all blame in
connection with the death of his
nephew, W. E. Johnson, yesterday, he
was taken back to County Jail, where
he will be kept until his trial is
set at the District Attorney's office.

After the inquest it was rumored
that some of the testimony offered in
behalf of Abbott had been perjured.

His own statement, made immediately
after his arrest, was to the effect that
he had struck Johnson across the
breast so hard that the latter fell to
the street.

According to the testimony of Mrs.
Johnson-Avila, the mother of the
deceased, he did not even touch her
son in the last encounter. The boy at-
tempted to strike Abbott and fell be-
cause he missed and lost his balance.

This witness told the coroner's jury
she was away looking for a
policeman, they say, and did not see
the encounter.

There are two witnesses to the en-
counter who say that Abbott hit John-
son with a straight blow from the
shoulder, and that the blow knocked
Johnson down.

The police withheld their witnesses
eight in number, and upon the order of
Capt. Flammer held Abbott in jail.

The case will go before Assistant
Prosecuting Attorney Paul McCormick

John Harvey, brother of James P.
Harvey, and formerly well known in
the Cœur d'Alene district, where he
was heavily interested, in the Gerle
and other mines, returned from Phoenix
a few days ago, and will remain
here during the winter.

H. L. Percy, treasurer of the Clark
Copper Company, and interested in the
La Marmatina mine, Jalisco, Mex.,

in company with Patrick Clark.

Arrangements will immediately be
made for the erection of a concentrator
to treat the mine's output.

**WAVE POWER
NEEDS MONEY.**

COMPANY'S FORMER SECRETARY
EXPLAINS POSITION.

Says Management Which Suc-
ceeded His Failed to Prove Him
Culpable or to Successfully Run the
Business—Attempt May Be
Made to Finance Organization.

Attorney J. H. Bacon of San Fran-
cisco, formerly secretary and treasurer of
the Wave Power and Electric Com-
pany, asserts that a recent change of
management will aid materially in
putting the company on its feet finan-
cially. Under his former management,
he claims that the concern made prac-
tically all the progress it has made.
Compelled, as he asserts, to take a vaca-
tion because of ill health, Secretary
Bacon resigned his office and returned
to San Francisco.

"I have left Los Angeles,"

says Bacon in a letter to The Times,
"when the new management, for some
unknown reason, unless it was with a
desire to disrupt the company, seemed
to get the false idea that for them to
succeed, they should falsely attempt to
show that what I had done was wrong.
They failed to do this, and I am still
in the co-called management of the
business of the company."

Attorney Bacon admits that there
were mechanical mistakes in the erection
of the wave motor at Redondo, but
he places the blame on Fred Starr, the
inventor.

Even one conversant with my man-
agement well knows that no mortal
ever worked harder or more faithfully
for an enterprise than I did for this
one," adds Bacon. "And because a
new management, by the poorest pos-
sible practice, got the business tangled up
to the point where it was impossible
to get it straightened out, I am still
in the co-called management of the
company."

Mr. H. Harwood, who took the position
of secretary and treasurer of the Wave
Power and Electric Company, which has
an office in this city, issued a
statement to the stockholders about a
month ago, in which he said that he
would resign because the affairs of the
company had been misrepresented to
him at the time.

Fred Starr, the inventor, also pub-
lished a signed statement, giving his
view of the controversy. Both men
asserted that they were tired of the
business and wished to resign at a
meeting called in San Francisco
this month.

However, recently stated that as far
as he was concerned, the old manage-
ment could take possession of the busi-
ness as soon as its members wished.

It is believed that another effort will
be made to test thoroughly the com-
pany's wave motor idea, but considerable
money must first be raised for the under-
taking. The Los Angeles office of the company in
the H. W. Hellman building was closed
yesterday, and no one could be found
to give the latest local version of
the internal troubles of the concern.

Dr. Orlot N. Orlov, the Russian
mystic, whose financial affairs have
been subjected to the scrutiny of the
bankruptcy court, filed an amended
answer to the creditors' petition
yesterday, in the United States District
Court and further hearing will be
held before Judge H. W. Flammer, referee,
in bankruptcy. The doctor's liabilities
are said to be about \$44,000, but so
far his assets have inventoried ap-
proximately \$5000.

VERDICTS FOR INJURED.

Two verdicts, aggregating \$6000, were
returned yesterday afternoon from Elder
jury against the Southern Pacific
Company. O. E. Parker was injured
in a railroad wreck near Elder
station on the Southern Pacific, owned by
the old Colorado & Southern. The two cases were
tried together, the only issue involved
being the amount of damages. An ap-
peal will probably be taken by the de-
fendant company.

A Lively Account of the Day's Interesting Happenings in Los Angeles County.

PASADENA. LAGUNA RANCH CHANGES HANDS.

CROWN CITY CAPITALISTS BUY FROM ENGLISH WOMAN.

Property is in Santa Barbara County and Will Be Developed by Oil—Republicans Wind up Public Speaking Portion of Their Campaign—Extreme Cruelty Charged.

Office of The Times, No. 25 E. Raymond in Pasadena, Oct. 20.—A deal, in which \$25,000 land capital is interested, was consummated yesterday by the English's Rosby Company of this city. The land purchased is the Laguna ranch in Santa Barbara county, in the highly-improved Santa Maria oil field. The property aggregates 21,000 acres, and belonged to Louis J. Thompson of England.

Henry E. Huntington and Dr. Randolph Schiffman of this city are also prominent men interested. It is the intention of the buyers to develop all, as well as to raise cattle on the land.

The company, composed of the purchase, compose the Laguna Ranch Company, namely: Jesse M. Ayres, Andrew D. Allen, Walter E. Bradley, W. W. Ogier, Dr. Randolph Schiffman, J. J. Young, Edward H. Ogier and Elmer I. May.

FINAL RALLY.

The final rally of the Republicans in this city was held last night, the tent on North Fair Oaks and was enthusiastic for Taft. Lee C. Gaskin of Los Angeles was heard by all with favor, his arguments being sound and vote-winning. M. R. Butler was also a speaker. Hon. G. A. Gibbons was at the meeting.

Y.M.C.A. MEN RALLY.

Nearly 100 gathered at the Y.M.C.A. gymnasium last night and listened to a speech by Dr. A. L. Metcalf, in open the plans of the new building which it is the action of the directors to erect during the coming year.

SIMPLIFY TAX ASSESSMENT.

The Committee on Charter Amendments took up the letter of form Auditor Kern, yesterday morning, and for some time discussed the advantages to be gained in the consolidation of the tax assessment of Pasadena city with Los Angeles county. That was turned over to the City Council for consideration into the legal aspects of the matter.

One of the points developed in the discussion was that the present school tax rate would necessarily be raised from 5 percent to 7½ per cent. The county valuation of proportioning lower than the city valuation, causes the county undertakes the assessment of local property, the rate to be changed so that the city will share in the increase. It is the opinion of the committee that the scheme would be of considerable benefit to them, as it will save several thousand dollars a year.

Whether or no this will lead an early discussion of annexation Los Angeles is uncertain. However there is an element at work in the which at some time before the Owen River water reaches Los Angeles, forces the consolidation question, because one of the most intense issues has ever been placed before the city.

At present the "business press," the need of proper liquid fuel, and the great dry weather, are the reasons quoted against the annexation movement. But with the constand development of the territory lying between this city and Los Angeles, the question of annexation is now a very supply Pasadena should grow to 50,000 inhabitants, is seeming solved only by the acquirement of part of the Owens River supply.

CIRCUS STRIKE.

The Morris and Ross circassians late yesterday morning and immediately after arrival the canvas went on strike for their wages. A man was refused entrance to the show as they were about to go in winter quarters in the north, and desired the men to go with them, but men did not wish to leave California, and the strike was the result. The aid of a contractor, who supplied their money, and the gamblers used their ability in putting up 1 tons. There was not time for a papa.

Chief of Police Favour and men made every effort to get them to leave, but they were not wanted in their, and many of them will soon be in Los Angeles or elsewhere.

CRUELTY CHARGE.

Lena Morton of No. 406 New Chester avenue, is accused of being her 7-year-old daughter so that a child will bear the brunt for manslaughter. The Humane Society probed her in justice court yesterday and she was held to an attorney M. A. Butler will appear for her in the trial tomorrow morning.

YOUNG MAN'S FUNERAL.

Funeral services will be held at 2 o'clock at the home of W. H. Wilson, No. 51 North Pasadena avenue, over the remains of Roy Tulman, the young man who did at his home in Sherman Avenue Wednesday evening. Rev. Jean P. Lohr will have charge of the services and will be in Mountain View Cemetery.

GREET NEW RECTOR.

When Rev. Leslie Learned, a new rector of All Saints' Episcopal church arrives from the East today, he will be greeted by a number of its most influential workers in the church. His home on North Euclid avenue is practically having been shipped here some time ago, and later arranged in the house by the ladies of the Gulf. Rev. Mr. Learned will preach his first sermon on Sunday.

PASADENA PARAGRAPH.

Members of the First Methodist Church have organized a Strangers' League, and will extend a hearty welcome to all visitors.

Mr. J. E. Greenlee, Jr., a prominent lumberman, is a member of the Greenlee family, and has a house in this city for the winter.

Democrats turned out to hear former Mayor Phelan of San Francisco speak yesterday afternoon in Library Park.

W. Merwin, to build a seven-room bungalow at No. 667 South Pasadena avenue, to cost \$600. B. K. Wotkyns has the contract.

Dr. E. L. Conger, president of the Pasadena Human Society, is too ill to read a paper before the American Human Association, which meets in New Orleans next month.

WILL BE ROUBER.

Ocean Park Republicans Will Hold Big Meeting Tonight—Judge Hutton to Preside.

OCEAN PARK, Oct. 29.—The Republican rally here this evening will be a rouser. Judge Hutton of the Superior Court of Los Angeles, will preside and also deliver an address. The other principal speakers will be Frank Dominguez and Judge R. A. Ling. Each of these three gentlemen can be depended upon to put Republicanism and its emergency in proper shape, save to the extent that the speakers will be.

The Ocean Park Republican meetings have been held regularly each Friday evening for two months and have grown in interest with each meeting. The local military band will play, the members singing patriotic selections and several sound local Republicans will also take part.

"COOKY."

WOULD BOTTLE UP LONG BEACH.

NEW CITY OF BELMONT HEIGHTS NOT AT ALL MODEST.

Trustees Call Election to Vote on the Annexation of Large Slice of Territory, Addition of Which Would Shut Out Any Extension North of Older Town.

BELMONT HEIGHTS, Oct. 29.—This new town is still busy making history. Not content with antagonizing the south and by voting to locate the city offices way up in the northern part of itself of monopoly, save a few passing farms hands from the Bixby ranch, the "big three" is now making a great effort to bottle Long Beach up. A midnight session was held last night in order to spring a surprise, which leaked out today.

"BIG THREE" ACTS.

Though only three weeks old, the new town is feeling "cooky," and last night, with one Trustee absent and the other one ineffectually opposing the action, the big three—Green, Ray and Brown—passed a resolution calling an election on November 27 to vote on the annexation of a vast piece of territory, the boundaries of which will make a letter "T" of the town's boundaries. The election notice was posted today in a San Pedro paper. Briefly summarized, the proposed lines start from the northern corner of present boundaries, extend east to the Orange county line, then north about a mile, and thence west to Wilmington, south to the Long Beach city line, and east along those limits to the place of origin.

This act was the result of a proposal of the county valuation of property lower than the city valuation, case the county undertakes the assessment of local property, the rate to be changed so that the city will share in the increase. The proposal is the work of President Green, who has always been an active foe to Long Beach.

This secret action of the Trustees has caused marked disapprobation to date. There is little chance of the election carrying. In fact, it is almost a sure thing that the next action of the Trustees will be a mandatory act calling an election to disincorporate the town, to which it is said they will have none for six months, and yet the majority members of the Trustees are rapidly piling up debts which will eat up the expected revenues from the county road tax, which it was expected to spend in street improvements.

GIRL FALLS FAR WHILE ASLEEP.

SAN PEDRO CHILD TUMBLERS FROM SECOND STORY.

She Escapes Practically Unhurt.

Letter from English Shipper Shows

Conditions at This Port for Accommodation of Shipping Are Worse Fully Misunderstood in London.

SAN PEDRO, Oct. 29.—Frances Berry, the ten-year-old daughter of Charles R. Berry, residing on Seventeenth street, had a remarkable escape from injury a few nights ago. The child was sleeping in a room in the second story of the family residence, and walked in her sleep. She went to a window fronting the street, raised it and walked out failing to pay the pavement below. The frame of the fall awakened her, but an examination by a surgeon shows that the child escaped any broken bones or internal injuries, and was practically unharmed.

AIDS TO NAVIGATION.

It is probable that in the near future two modern gas buoys will be placed at the entrance to San Pedro harbor as aids-to-navigation. W. F. Bickenbach, secretary of the local Chamber of Commerce, received a letter today from Senator Flint, stating that he had written the lighthouse department at San Francisco, calling attention to the matter, and requesting that the buoys be furnished at the earliest possible date, to be placed in the outer harbor at the entrance to the channel which the government has dredged.

WILL GET SURPRISE.

A communication received by the Chamber of Commerce from T. S. Whalen, Sheldon representative, large shipping interests in London, England, shows that conditions existing at this port for the accommodation of shipping are woefully mismanaged. The letter stated that the information in the possession of the company showed that there was only sixteen feet of water in San Pedro harbor at high tide, and that no wharves for the docking of vessels had been completed. Literature and maps showing the correct location here were mailed today to the inquirers.

CRAWFISHERS LOSE.

Capt. J. E. Swenson and Sam Uryah have arrived from the crawfish camps on Santa Cruz and other Channel Islands, and state that the season will prove a financial loss to most of the fishermen engaged in the industry. The loss of last year destroyed thousand pounds of crawfish already taken and ready for shipment to the mainland. In addition to the loss by the elements the fishermen allege that they have suffered considerable additional loss in the hands of poachers who have robbed the traps.

FIGHT DUEL IN DENSE GROVE.

DESPERADO AND DEPUTY MISS MANY TIMES.

Empty Guns at Each Other from Behind Trees, but Nobody Is Hurt. Long Beach Police Work on New Clue in the Bouman Murder Mystery.

LONG BEACH, Oct. 29.—In a dense grove near East Fourth and Redondo avenue, a mile east of the city limits, Deputy Constable Cason, shortly after midnight, fought a pistol duel with an unknown desperado. He and other officers had tracked the man for two hours on suspicion that he was a mysterious burglar who had attempted to enter four residences at Rose Park Circle earlier in the evening.

Word was received from the suburb last night that a prowler was alarming the citizens, and had made several attempts to enter houses. In one instance he had cut a screen door and was at work on a lock when a dog barked and aroused Claude French, who went out to investigate. The man took to his heels. Constable Harry Wilson and deputies Faber and Cason went to the scene and were told that the fellow had gone toward the gum grove. They followed him through the grove at different points and started to work towards the center. Cason had nearly reached the meeting place when he saw the dim form of a man leaning against a tree. Supposing it was Wilson he addressed him, whereupon the figure dodged behind a tree and a shot whizzed past the head of Cason. The two then ran away, getting behind a tree and then in the black darkness of the midnight hour the officer and his quarry emptied their guns. Wilson and Faber, at the first shot, threw caution to the winds and rushed to Cason's aid. The noise they made alarmed the unknown and he madly ran towards the ocean. Cason hampered by an attempt to reload his revolver, was distanced in the race, and when Wilson and Faber arrived the fellow had disappeared. The officers patrolled every foot of the beach, but got no further trace of him. The fellow was a dark youth, had a mustache, wore a dark suit of clothes and a light fedora hat.

NEW CLEW.

Chief Williams is today working on a new clue in the Bouman murder mystery, which promises developments in the next twenty-four hours. The police visited an apartment house on West Fifth street, last night, and searched the room of a former tenant, who left Monday after paying his rent a month in advance. In the room were found a black slouch hat, a bog and a half of black velvet, a cigar holder and two one-cent pieces of what druggists say is nitroglycerine, and which was tightly stopped and wrapped in cotton. The young fellow who occupied the room was known as Otis and was out much at night. Saturday night he did not come in at all. When he did come he looked tired and dirty. He packed his trunk and left the following morning and the police think he needs looking after. They are endeavoring to locate him today.

FRUITFUL EXPERIENCE.

John Edwards, a laborer on the Salt Lake drawbridge, had a frightful experience, today, and his life was only spared through the breaking of a rope. He is injured, however, the ends of seven fingers, four on one hand and three on the other, being torn off. Three had to be amputated at once. The first joint of one hand caught under a top which was being wound up on a windlass and in trying to free it, the other hand was also imprisoned. Edwards' screams attracted other workmen and they turned to see him writhing in agony and twisting around the rope, evidently barefooted. The rope also cut deeply into the flesh of the forearms. The injured man was rushed to the city and medical attention given him. His hands will probably be permanently crippled.

ITALIAN ARRESTED.

Pietro Amorelli, a former member of the Italian band, was brought down from Los Angeles today to answer a charge of obtaining money under false pretenses. Amorelli sold a saxophone to C. L. Roberts, a local pawnbroker, for \$50 and gave a bill of sale. The instrument, however, was seized by the Filmgoers Music Company of Los Angeles, which, yesterday, repossessed it from Roberts. The latter at once caused the Italian's arrest.

The Republican Club will hold its rally Monday night, at the Psychological Temple, when final plans for effective work on election day will be discussed.

MEANS FINE BOULEVARD.

South Eighth Street to Be Improved and Connected with the National Highway.

SANTA MONICA, Oct. 29.—The principal property owners along South Eighth street have agreed to donate two feet of strip provided that street is widened and improved. The improvement leading up to this improvement are to be taken, and this will give the city a fine boulevard to connect with the national highway as well as with the beach lying to the south.

ANNUAL CONFERENCE.

BISHOP PRESIDES AT MONROVIA MEETING.

Rt. Rev. Josiah S. Caldwell, D.D., of Philadelphia, bishop of the Seventh Episcopal District of the African Methodist Episcopal Zion Church, who is attending the conference at Monrovia, of delegates representing the churches of California, Oregon, Washington and Arizona.

MONROVIA, Oct. 29.—The annual Pacific Coast Conference of the African Methodist Episcopal Zion Church, called in Monrovia this year, began its business session this morning. Delegates from California, Oregon, Washington and Oregon are present. Bishop J. S. Caldwell of Philadelphia is presiding. He will address a meeting in the opera-house Sunday afternoon. Organization was completed with Rev. W. S. Speight of Los Angeles, as secretary. Rev. H. Howard of San Jose, assistant sec-

retary, and Rev. W. J. Byers of Hanford, statistician.

Besides the regular delegates many representatives of the several churches are attending, including some of the most prominent colored men on the coast.

A reception was tendered Bishop Caldwell and delegates in the First Methodist Episcopal Church last evening. Rev. Clark H. Marsh, on behalf of local churches, and Dr. J. S. Allison on behalf of the citizens body, extended cordial welcome.

Pomona Orange Ranch Changes

POMONA, Oct. 29.—A new horticultural inspection district has been formed in this section, through the intervention of Horticultural Commissioner Bemis. It comprises all the territory north of San Bernardino avenue and the San José hills, from San Dimas west to where the lines of Los Angeles and San Bernardino counties meet. There was great need of this action. In the section mentioned the culture of citrus fruits is carried on to the exclusion of almost every other product. It has always been free from mealy and purple scale and mealy bugs, but has recently been threatened by the gradual extension of some of these pests into the section. The citrus associations controlling the various areas in lemon, in the northern part of the valley have appointed a committee, composed of V. W. Baker of the Indian Hill Citrus Union at North Pomona, C. L. Leyton of

THE MARKET.

LOCAL PRODUCE MARKET.

Cherries were general yesterday, mostly holding an upward trend, while most every variety of these fruits, are on the market at present. Cordons, which are in great demand, were boosted to 1.00 a box. Fresh Macaroon Tomat and other general, became more firm in feeling.

Apricots, which are in great demand, were held steady, while white Astrachan, 1.50 flat, while white Astrachan's seedlings have dropped from 1.50 to 1.25, having closed for them. All other apples have shown no change, and are holding in the hundred mark.

Offerings were light. Five cases of local cherries.

Butter arrivals were only 14,548 lbs. Eastern extras and second-grade creamer, the chief offerings. No sales made.

Little interest was shown in the cheese, butter and eggs, with receipts of only pounds.

Price of Ham, which was sold at regular rates. There were no sales, but potatoes and radishes were lighter than usual.

Onions arrived were about the ordinary, which were all unchanged. A good many have been imported in a good many cases.

**SPLIT TAXES
ARE OPPOSED.**

Chamber of Commerce Takes Strong Stand.

Advises Defeat of Constitutional Amendment One.

Directors Adopt Reports of the Committees.

Although convinced that the present system of taxation is in need of reform, the Chamber of Commerce directors have adopted a committee report, which recommends that the unconstitutional amendment (No. 1) for the separation of State from local taxation should be defeated at the polls next Tuesday.

Other proposed amendments have been considered by the Law Committee and its report has been adopted by the board of directors. The report was unfavorable as regards the two tax-system changes and recommends the adoption of an amendment providing for the extension of the terms of existence of certain corporations.

The following report by the Chamber of Commerce Committee of Directors, including their conclusions, has been made public for the benefit of the members:

RADICAL AND SWEEPING.

The proposed changes in our home of taxes are so radical in character as to sweep away far-reaching in their effect, that the committee feels no hesitation in admitting in its report that it has by no means exhausted the subject in its innumerable details. The committee, however, arrived at certain general conclusions, which it begs leave to submit:

In the first place the committee is unanimous in its conviction that our present principles and methods of taxation are unsatisfactory, and that they are in need of reform; and they agree with the state Commission on Revenue and Taxation that a basic principle of reform should be the separation of state from local taxation. They are unanimous in the opinion that the proposed scheme as developed by the amendment is objectionable in itself or its provisions.

Out of the six members participating in the final conference, five are of the opinion that the defects are so important as to warrant the defeat by the popular vote of the amendment as presented; nevertheless, with any idea of abandoning the general principle of separation, the committee has agreed with the purpose of removing as far possible the objectionable features, educating the voters at large on the subject, and again submitting the question to the popular vote some future time.

The remaining member of the committee, while assenting to the existence of objectionable features, believes that nevertheless the amendment should be adopted as it stands rather than run the risk of delaying its adoption.

The committee is again unanimous in recommending, if the amendment should be defeated, that a representative committee of citizens shall be appointed by the chamber and other kindred civic bodies in the city, to more fully investigate the scheme, suggest alterations thereof, and further in all proper ways the accomplishment of the much-needed result.

POLITICS FOR SCHOOLS.

Assembly constitutional amendments Nos. 8 and 24, affect the school system of the State. A Committee on Laws reported against these two amendments for the Legislature.

Amendment No. 8 seeks to tie the support of the city kindergartens on the State, instead of requiring the cities to support them as at present. This change would be under the rural counties which have no kindergarten system, and would only tax the State school fund, which already too small to provide for the primary and grammar schools.

The more important amendment, No. 24, seeks to reorganize the State Board of Education. As at present organized, it consists of the following persons: namely: the Governor, the State Superintendent of Public Instruction, the president, and the professor of education of the State University, and the presidents of the five State Normal Schools. These persons represent the educational leadership of the State, ex-officio members of the board, and as such, are ex-members of office altogether removed from politics. The proposed amendment substitutes for seven members of the board persons to be selected at all by the Governor, the presidents of the State and Stanford universities, or to be chosen at conventions or bimonthly bodies.

The effect of this would be that we would have a board, the majority of which would be here for comparatively brief terms, and subject to every political change, thus making it impossible to carry out permanent consistent educational policies. The chief argument advanced in favor of the change is that under the present system the board becomes a managing board of fossils, while the proposed amendment would constantly infuse new blood. The conclusive answer to this is that the present ex-officio members of the board are all leaders of important official or private positions in which live men are essential, and which fossils would not be tolerated.

BUSINESS INTERESTS.

Senate Constitutional Amendment No. 31, providing for the extension of the terms of existence of certain corporations.

The report of the Committee on Laws is in favor of this amendment. It expressly excludes all quasi-public corporations, and also carefully guards against any extension of any franchise. It is made to relate exclusively to the extension of the terms of existence of corporations of a private character.

An act of the last Legislature attempted to give this right of extension to our Supreme Court held it to be unconstitutional. Hence the necessity of this amendment, which appears to be demanded by the business interests of the State.

Constitutional Amendment No. 31.
Be sure and vote for this amendment November 2.
